Re: Public Records Act Request April 15, 2012

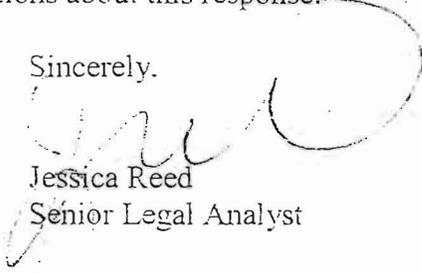

Dear Mr. Kennedy:

I received your above-referenced Public Records Act request for records of the California Coastal Commission (Commission) on April 18, 2012. This letter will serve as the response to your requests. You have requested copies of some of the substantive file documents listed in the Coastal Commission's findings approving coastal development permit application 5-92-232 and concurring with consistency certification CC-63-92, for construction of the San Joaquin Hills Transportation Corridor.

The Joint Powers Agreement is 22 pages long, and a copy can be provided to you upon payment by check of the copying costs of 27¢ per page. Please clarify the second category of your request: if you seek the entire category of records which is labeled the responses to the Writ of Mandate, it is over 2,200 pages of material which we cannot copy in our offices. If you are seeking just the legal letters referenced as a subcategory, please let me know. If you would like to review in all of the records in this category, arrangements can be made for your review in the San Francisco offices. The Coastal Commission Staff Notes on March 6 TCA Conference Call is three pages; the Analysis of Coastal Commission Staff Alternative is 16 pages, including three 11"x17" figures (one of which is color), which can be reduced and copied in black-and-white; and the Irvine Coast CDP Findings is also 16 pages.

The total copying costs for these 57 pages is \$15.39. The copies will be made and sent to you upon receipt of a check for this amount, made payable to the California Coastal Commission and sent to my attention. If you wish to confirm that you want only the legal letters from the Writ of Mandate Response, then I will search for and count those pages and provide to you the copying cost. Please let me know if you any questions about this response.

Sincerely,

Jessica Reed
Senior Legal Analyst
